Architecture as Vision

PARK

Fondato a Milano nel 2000 da Filippo Pagliani e Michele Rossi, Park è un collettivo interdisciplinare di architetti, designer e ricercatori che opera nei campi dell'architettura, dell'urbanistica, del paesaggio, dell'interior e del product design. Per Boost Vision, Park ha disegnato THE CITY: una visione urbana fluida, in cui materia, luce e geometria costruiscono nuove relazioni tra spazio e forma.

Park, founded in Milan in 2000 by Filippo Pagliani and Michele Rossi, is a multidisciplinary collective bringing together architects, designers, and researchers. Their work spans architecture, urban planning, landscape, interiors, and product design. For Boost Vision, Park designed THE CITY: a fluid urban vision in which matter, light, and geometry create new relationships between space and form.

“We envisioned a fluid, open city.
Boost Vision gave us the opportunity to work
with a material that suggests architecture
without dictating it.”

Filippo Pagliani e Michele Rossi
Founding Partners, Park
