La collezione prevede tre serie di decori.

Il primo, particolarmente suggestivo, dove i volti delle eroine più famose si alternano fra loro.

Così si passa dallo sguardo intenso di Molly che concentra tutta l'attenzione dello spettatore sul suo viso lentiginoso, al movimento creato dai capelli di Miele in un istante di totale abbandono, dalle labbra leggermente socchiuse alla grande intensità emotiva della Gulliveriana in una delle ultime scene del famoso fumetto.

Il secondo decoro, decisamente più spiritoso, è una vera e propria striscia di fumetti tratti dai viaggi fantastici e arditi della Gulliveriana.

A completamento della collezione un pannello-quadro con una figura femminile particolarmente intrigante e audace.

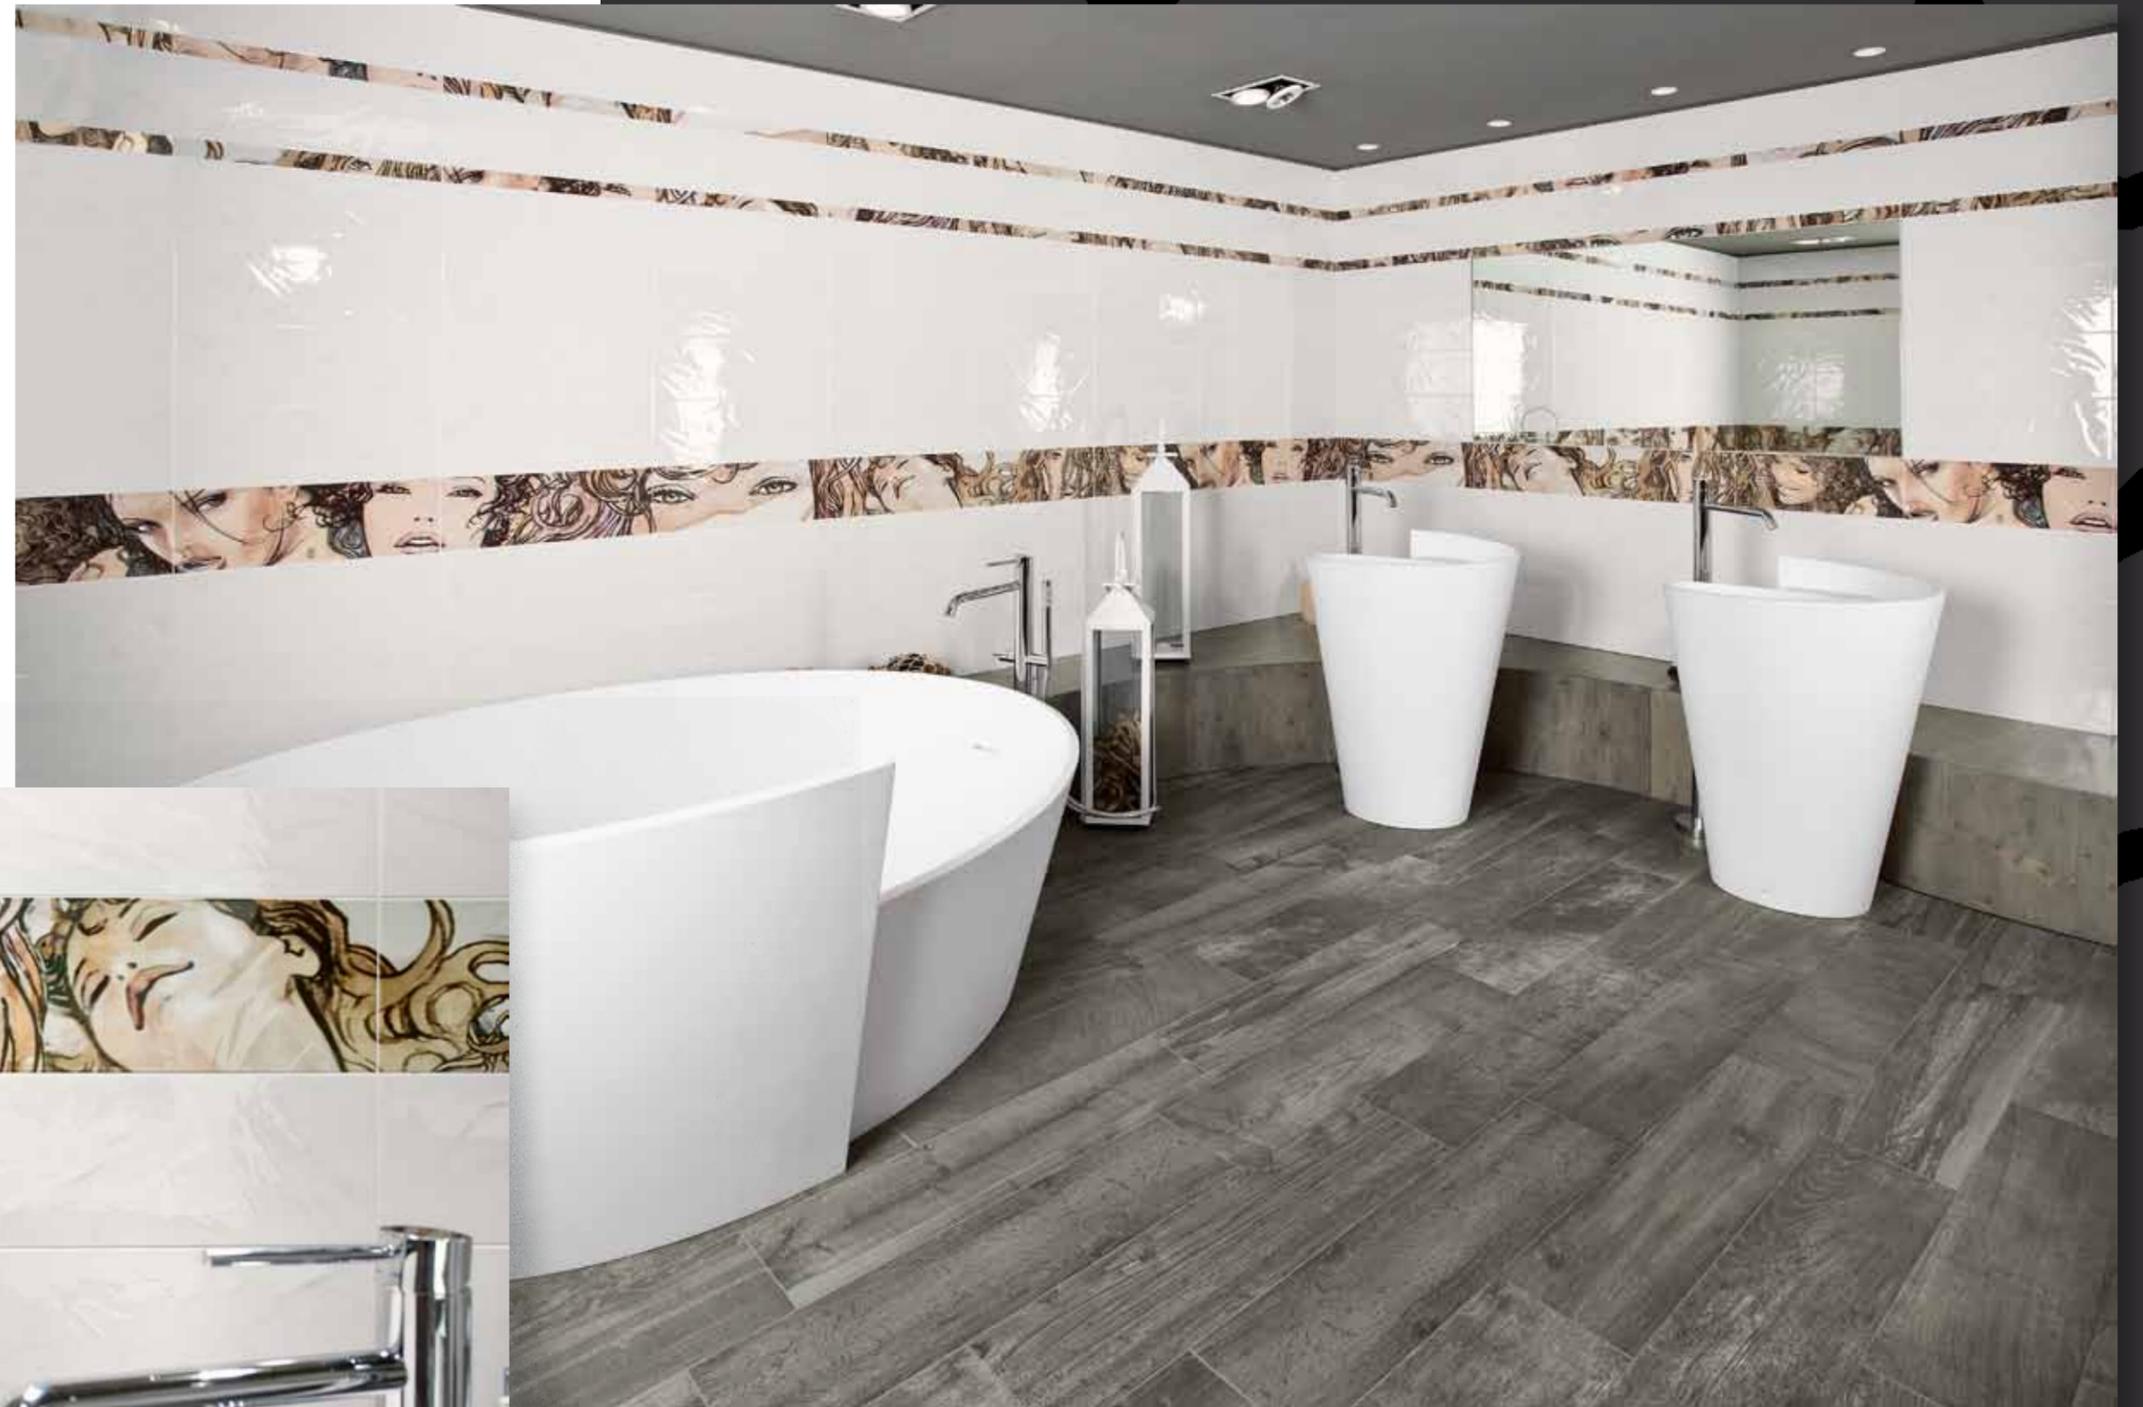

*The collection envisions three series of decorative tiles.*

*The first, particularly fascinating collection portrays the alternating faces of his most famous heroines. So the intense look of Molly whose freckled face attracts the full attention of onlookers gives way to the motion created as Miele lets her hair loose, passing to the slightly pursed lips of Gulliveriana in one of the last scenes from the famous comic.*

*The second series of decorative tile, decidedly more spirited, is a veritable comic strip taken from the imaginary and daring travels of Gulliveriana. In addition to the decorative listellos, a square panel with a particularly audacious and intriguing feminine figure completes the collection.*
