

Forest

Forest is our rustic wood design with a contemporary finish. The wood veins are artificially reproduced with digital technology. Forest is available in 4 colours and 2 formats. On the one hand, the 22x120 SLIM format with a thickness of 7.2 mm, ideal for refurbishing thanks to its reduced thickness and high flexibility.

On the other hand, there is the 30x120 format, 10 mm thick, which combines with our 75x75-marquetry design.
