FLAVIKER

MIDI

Le atmosfere luminose e rilassate del Mediterraneo prendono forma in superfici che richiamano la naturalezza senza tempo della pietra. MIDI è un vero e proprio progetto ceramico che trae ispirazione dallo stile rustic-chic caratteristico delle ville del sud della Francia. La collezione si distingue per una selezione raffinata e autentica della materia, oltre che per la completezza della gamma, per soddisfare le esigenze dell'architettura contemporanea, sia negli interni che in outdoor.

MIDI si compone di sei colorazioni, tendenzialmente calde e in sintonia con materiali naturali come i lini, le sabbie e le terre, ognuna delle quali è disponibile nelle due versioni NATURE e MELANGE. Il progetto è arricchito dai motivi decorativi POINTÉ e CANNELLÉ oltre che dalle superfici antiscivolo per esterni o aree adibite al wellness.

MIDI, a ceramic tile collection inspired by the rustic-chic style of villas in the south of France, captures the bright, relaxed atmospheres of the Mediterranean. Available in a refined and authentic selection of materials that recall the timeless appeal of stone, it offers a complete range of surfaces designed for contemporary architecture, both indoors and out.

MIDI comes in six warm, natural shades inspired by linen, sand and earth, each available in the two versions NATURE and MELANGE. The collection also features the POINTE' and CANNELLE' decorative motifs and non-slip finishes for outdoor and wellness spaces.

Nature

MIDI NATURE è pensata come una selezione attenta di lastre in pietra, scelte all'interno di un unico blocco, per ottenere un effetto d'insieme estremamente naturale ma allo stesso tempo minimalista. La grafica risulta omogenea ma comunque ricca di piccoli particolari ed è proposta su un supporto leggermente strutturato per mantenere il realismo del materiale d'ispirazione. Un'opzione più sobria e discreta, facilmente collocabile in ogni contesto.

MIDI NATURE draws inspiration from a carefully curated selection of stone slabs cut from the same block to achieve a natural yet minimalist look. The graphics are uniform but rich in subtle detail, while the lightly textured surface preserves the realism of the original stone. Discreet and understated, it adapts effortlessly to any setting.

**MIDI MELANGE, mantenendo una certa armonia ed eleganza, è in grado di cogliere gli aspetti più autentici della pietra.
Il materiale, opportunamente miscelato, presenta un'impronta incisiva, con una maggiore variabilità grafica e si distingue anche grazie alla tridimensionalità della superficie micro-bocciardata, che ricorda una delle lavorazioni tipiche dei materiali lapidei.**

MIDI MELANGE retains a harmonious, elegant character while recreating the most authentic qualities of natural stone. Its graphics are more varied and expressive, enhanced by the three-dimensionality of a micro-bush-hammered surface reminiscent of a traditional stone-working technique.

Pointé

POINTÉ, disponibile nei tre colori Ecru, Poudre e Beige, è una soluzione decorativa versatile, ispirata alle incisioni manuali. Una superficie che sorprende con un realistico effetto di martellatura, con la quale rivestire intere pareti o volumetrie, dando vita ad un raffinato gioco di alternanze ton sur ton.

POINTE', available in three shades Ecru, Poudre and Beige, is a versatile decorative surface inspired by hand engraving. With its realistic hammered effect, it can be used to clad entire walls or volumes, creating elegant tone-on-tone variations.

Cannellé

CANNELLÉ, in abbinamento ai tre colori Ecru, Poudre e Beige, nel formato 120x280, offre all'interior designer un'ulteriore espressione dell'effetto pietra, che riprende il trend contemporaneo dei materiali cannettati. Un elegante motivo grafico di righe sottili, leggermente irregolari, restituisce in parete il fascino unico delle lavorazioni artigianali, aggiungendo un tocco sofisticato all'ambiente.

CANNELLE', available in a 120x280 cm size and the three shades Ecru, Poudre and Beige, offers interior designers another interpretation of the stone effect, aligning perfectly with the contemporary trend for ribbed materials. Its elegant pattern of thin, slightly irregular lines recalls handcrafted details and adds a touch of sophistication to interiors.
